

Puppy Kindergarten

WHY go to Puppy Kindergarten? Puppies are learning all the time, from the moment you bring them home. The first few weeks you spend with your new best friend will set the tone of the rest of your relationship. It's easy to set up good habits in the beginning, but harder to change bad habits later. Getting your puppy out to see the world while he is still young is very important. Puppy Kindergarten is a great place for you and your puppy to socialize with other people and puppies in a safe environment.
